## About the Organization

Christmas Tree Jubilee, Inc. is a 501(c)(3) non-profit corporation owned and operated by the Bober Law Firm, Titans Legal, and the Miles Law Group to conduct joint charitable operations to benefit the Dallas-Fort area and surrounding communities. Its founders all worked with or knew each other from different firms before opening their practices. While each of the founders practice in the same area of law, the three firms meet regularly and do not consider each other competitors. Instead, the alliance established by the firms allows each firm to choose a cause that is important to them while simultaneously joining forces to support all causes selected by the non-profit.

## About the Event

Christmas Tree Jubilee is a night of fun, food, and fashion, bringing together community members to support many charitable causes. There will be music, prizes, and a chance to meet Mr. & Mrs. Clause as we celebrate Christmas and fundraise for those in need.

The event also serves as a toy drive for local children, and guests are encouraged to bring an unwrapped toy. To benefit as many individuals as possible, each firm has chosen a charity to distribute the toys collected and any funds raised by the event.

# About the Beneficiaries

## FOR OAK CLIFF

Conceived out of necessity, For Oak Cliff got its start in 2014 by Taylor Toynes and his W.W. Bushman fourth grade class. Toynes began teaching at Bushman Elementary in his hometown neighborhood of South Oak Cliff through Teach for America. While in the classroom, he saw that most of his students did not have school supplies, an issue that Toynes realized stemmed from the community's extreme poverty. The organization's Back to School Festival is a vessel to equip the community and students with the necessary supplies, resources, and service providers to have a successful school year. Over the past seven years, the festival has grown tremendously, helping serve over 4,000 students and parents each summer!

## Buckner Children's Home

Buckner Children's Home was founded in 1879 out of concern for dependent, orphaned children. Motivated by faith, the institution prides itself on finding homes for children rather than finding children for families. Buckner Children's Home finds permanent homes for children through its adoption program and temporary homes by placing children with foster parents.

## Camp Quality Texas

Camp Quality Texas is a volunteer-run, community-funded non-profit organization that provides free week-long residential camps for children. In addition to camp, Camp Quality hosts year-round activities that include family weekends, holiday parties, day trips, winter weekends, and many other events.
